Morning,

I wanted to flag that completing the Heartist Communication slides first thing today may not be possible, as I'm still working through the menu tags with allergens. The data required quite a bit of cleaning and translation, so progress has been slower than expected.

Please let me know if the Heartist slides take priority and I should pause the menu tags — I'll then update Angela accordingly.

Best Regards,

Dear Morizono san,

Sorry I am not sure if I can finish by today since I am currently working in the menu tags. Still cleaning the data and translating.

I compiled some images for the communication meeting slides, but I cannot add anything to the slides we received from Hiromi san. Are you able to edit them? If not, I will ask to Hiromi san to share editing permissions with us.

Dear Excom,

Please update this PPT for your presentation. As previously mentioned, each division will have 10 minutes for the leader's updates and the team's presentation. Please limit the number of slides you include.

Kindly update this by April 18 at 12:00 PM, including the music/song your team will be presenting.

Thanks,

Shirly
